Draft Note for the Standing Finance Committee.

A stockman-compounder is necessary for each V.A.S. in charge of a Veterinary Touring billet in order to relieve him of much of his routine duties. These Stockmen Compounders are trained at the Madras Veterinary College, the period of training being one year. A maximum number of 50 candidates can be admitted into the College each year. There is a Post War Scheme for providing each touring billet with a Stockman compounder (P.W.Scheme No.62). The D.V.S. has proposed that 134 posts of Stockman-compounders may be sanctioned under the P.W.Scheme. As the question of retaining or curtailing the post war scheme is separately under consideration in connection with the revision of the Five Year Plan, the question of sanctioning the Stockmen-Compounders necessary for the scheme can be taken up only after a decision is reached in the matter. It was therefore proposed that in view of the urgent need for more Stockmen-Compounders in the Veterinary Department the men who passed out of the College in 1946 and 1947 and who are awaiting employment may be absorbed immediately by sanctioning the required number of posts.

2. The Director has now reported that 46 candidates have come out successful after completing the Stockmen Compounders Course in July 1946 and in July 1947, that 25 of them have been absorbed in existing vacancies and that the rest are awaiting employment. He has therefore proposed that 21 posts of Stockmen-compounders on Rs.35-1-60 may be sanctioned now for absorbing these candidates. The extra cost involved in the proposal is estimated at Rs.23,200 p.a. The 21 posts now proposed to be sanctioned will be counted against the total number of posts which the Government decide finally to provide in the Post War Scheme referred to above. This Department supported the proposal of the Director to sanction 21 posts of Stockmen Compounders on Rs.35-60 during the current year and Finance Department have also agreed. As the extra cost exceeds Rs.20,000 per annum Finance have advised that the proposal may be treated as 'New Service' and the case placed before the Standing Finance Committee and the Cabinet.

The preliminary approval of H.M.(Agriculture) and H.M.(Finance) has been obtained on the proposal. The case is now placed before the Standing Finance Committee.

3. Summary of the cost of the scheme.

Major Head of Account.	Minor and Sub-Head of Account.	Ultimate cost.		Cost in the year of introduction.
